## 2-day Workshop: *Contemporary Watercolors without Glass*

Learn strategies for painting any subject on Ampersand™ AquaBord™ surface. Easily lift back to white, create rich color and long working time. Or paint traditionally on watercolor paper and affix to HardBord™. Demonstration of presenting works in a non-traditional manner: sealed, stained cradle sides or dropped into a frame—without glass! Discussion of other options and surfaces for creating glass-less watermedia works. Galleries & collectors LOVE the results! Sealing/laminating \$5 supply fee. Purchase one each Aquabord & Hardbord prior to class. Materials list upon request.
